

Project title:

**Milos Island: Interaction between
man and environment
(Mediterranean ecosystem-human
intervention)
Milos April 2008**

Coordinator: Dimitrios Kalaitzidis

Teachers-members of the team: Anna Chatzianastasiou, Polyxeni Kalivinou, Maria Vekri.

Students:

Despini Penelope	Bitra Marina
Voutyrakou Dialehti	Papageorgiou Anastasia
Papadopoulou Anna	Rafeletou Maria
Patera Alexandra	Chrysoulaki Eleni
Barbagianni Sofia	Aloniati Dimitra
Xenariou Danai	Apostolou Elli
Sakka Antonia	Vlassi Maria
Tribouna Ariadne	Georgiou Aspa
Menaidi Stella	Zacharaki Kontant
Kambantai Eleana	Klitsidi Stella
Antimachiti Konstantina	Kouloumbi Liliana
Vlontaki Nikol	Lisenko Victoria
Vyri Maria	Manarioti Eirini
Galani Anna-Maria	Milesi Eleytheria
Dreliozi Vasiliki	Artavani Alkmini
Exertzi Kyriaki	Darsinou Christianna
Zoumbliou Marianna	Pateakou Despoina
Koyvari Maria	Tourtaki Ioulia
Koutrouki Evangelia	Tsigrou Orsalia
Meliou Katerina	
Bessi Mardi	

The project was organized in a way in order to reveal the interaction between human and manmade environment, in the special case of the Mediterranean ecosystem of the island of Milos.

The various human activities on the island were examined under the light of sustainability and the students were taken to various locations, where they observed the traces of humans on the nature.
